

FOUR CYLINDERS

more or less.....

"Another new Chapter". Its beginning to sound like a broken record. Perhaps it will be a broken record, that is -- in the near future. The newest Chapter, known as "Racherfrachers" is in the San Francisco area and brings the total to 23 active Chapters in the Four Cylinder Club of America.

Couple the addition of eight new Chapters in the past two years to the ever growing out-of-State members (now 30) and you have a very healthy, growing organization.

At the recent FCCA National Board of Directors meeting the Maltbie Memorial Slalom Trophy went to -- guess who? -- Mal Doherty of Glendale FCCA. The award has only been around for three years and Mal has walked off with it every year!

Also awarded at the meeting was the Rainier Ale Rally Award to Frank Reiley and Rod Stoik (again) for thier successful assault on the SCCSCC Championship Rally Trail.

The meeting was also the occasion of the election of 1964 officers for FCCA. Those elected were:

President - Lew Winter, SFV-FCCA
1st Vice-president - Paul Magaris, SA-FCCA
2nd Vice-president - Dick Steele, SFV-FCCA
Public Relations - Dick Comly, Pros-FCCA
Parliamentarian - Pappy Maltbie, Glendale-FCCA.

Field Day '64

A big item has been settled -- there WILL be a National FCCA Field Day again this year.

This highly successful event drew 125 entrants last year, despite a last-minute change of location.

As soon as more information is available, we'll pass it on. For now, we can say there will be a tralom, autocross, acceleration and braking, a rally and a fun-khana. The month will be October, the date will be announced later.

Hill Climb

Phoenix FCCA has announced they will stage their famous "Ghost City Hill Climb" on May 15-16 but probably NOT at Jerome, Arizona.
