Regarding the September First Friday Nighter, Donna Bradley was listed incorrectly as having worked registration and Phil Talley was mistakenly given credit for checkout. (I guess it would be easy to come in second, if one had done checkout!) Sorry for these errors.

FOR THOSE IN THE KNOW...

Blue is out these days and since October 15, vanilla is in. THE GENERALS and RULES OF CONDUCT have been revised and re-structured. They now appear on "vanilla" colored paper. So throw out those old blue ones and get a copy of the latest.

Unknown Rallyist

I offer this little bit of experience to all who have never taken a minor on a rally as a co-pilot. I must admit the night was not uneventful. However, I personally would not trade it for anything.

The evening started off with three unsynchronized time pieces. No matter! We did arrive in

time for pizza and "beer" (Pepsi). At the first turn onto 44th Street the conversation went like this: "Do I turn left?" - answer, "Right." - question, "Did you mean left or right??" Actually the whole night went something like that. At the stop-lights the concern was always - "How do we pause for 24 seconds?" Further on in the rally we came into a checkpoint - backwards!! Now what? Got a little lost looking for FAIRMONT SOL. Found a Fairmont Street and decided to go for it. Never did find Gazerni Flats. Luckily someone came by that we could follow.

The evening was alot of fun for all concerned. Now the only problem I have is - not letting my son know when the next event is to be held.

WANTED: A rally partner to run PRO rallies. Rod

AAHC Update (Arizona Auto Hobbyist Council)

At the October 1 meeting, the vacant vice-presidency was filled with the election of Rosalie Torske as Vice-president. Since Rosalie had previously been elected to the board as a Director, another vacancy was created. Yours truly was duly elected in heavily contested balloting.

In order to best assure an unbiased board position, I will no longer be serving as this club's representative to the AAHC after its November 5 general meeting. The council meets the first Monday of each month, so I want everybody to check your schedule and verify that Monday evenings are free. The easy availability of video recorders means that Monday Night Football is NOT a valid conflict. Once you've seen that your schedule allows it, pick up the phone and call me to volunteer for the post. Hobby Council is a good cause. Without this common line of defense, local and state bureaucrats, as well as federal, may soon legislate our hobby into oblivion.

This year's Council sponsored activities will include a pancake breakfast on February 9 or 10, the traditional car show/parts exchange on March 9 and 10, followed by an awards picnic or pot-luck meal in April. Committee workers are needed for all of these, and since any member of our club is by extension a member of the Hobby Council, you are also encouraged to volunteer for any of these committees.
