

Sunday August 6A.

10.30 am.

Left Glendale in convoy of 5 A40's
1 A90, 1 M.G.T.C. and 3 Hillmans.

Colorado to Orange Grove, South to
California, East to Los Robles, South
to Main St Alhambra. East to San
Gabriel Flood Control on ~~California~~ Los Lunas,
South @ Road up sign to San Bernardino
Bury. North on Azusa Ave. Stopped at Ice
Cream Parlour. 1 pm. Left due north of
San Gabriel Canyon. 5,000 foot climb
5 A40's and A90 in fire style. Hillmans
all boiled - due we think to wrong
timing and novice handling of brand new
cars. Good picnic. 3 other parties
joined us there, 2 Buicks, 1 Hillman.
1 Hillman Estate swept by us and missed
us. Lake very muddy and small only
1 went in. Partly broke up at 5 pm
to make our way home.

General opinion was for earlier start,
longer run, and make it a rally
with prize for best driving effort.
I phoned to say they couldn't come.
